[winnergroup2510@gmail.com](mailto:winnergroup2510@gmail.com)

## Description of the business including the mission and vision

The winner group of companies commenced its most humble beginning in 1998 at Mumbai with the aim to excel in the field of bathroom accessories and drainage systems. As a brand it has expanded itself to a large expert in the country since then by sheer means of its high quality and service. The company which started with the honest efforts of a small team is a giant player in the field today with branches in more than 12 states in the country and still counting, thanks to the tireless efforts and dedication of the vastly experienced team along with the unmatched quality of The **WINNER**.

The **WINNER** group of companies is committed to its customers and has a single oriented mission to provide top quality bathroom accessories and drainage system. The products are launched with utmost care keeping in view and practical aspects and details study on place to place basis. It simply results in production of best suited and adopted products as per the geographical & topographical conditions of various states which results in the production of most adopted products for the particular region and ensures the longest possible life of the product. Winner group of companies is also committed to the very concept of Make in India wherein all our products are completely made and assembled in our beloved country.

## Product description.

The company has a vast range of bathroom accessories and drainage system (316 products) which keeps on adding to keep itself updated to present customer and market requirements. The details of the same are given in this catalogue.

## Description of services.

The services of the company are a complete package to include market survey, research, production, marketing, advertising and after sale services. This is supported by separate and dedicated public relations branch of the company. The company has a vast public profile thanks to the dedicated efforts of the team winner. The platforms on the social media and internet services are vastly used by the company to improve and maintain its public profile.

## Advertising

Special emphasis is being given on the very important aspect of introducing Winner to public and market by means of intelligent advertising which ensures that we convey ourselves to the market and reach to our customers in the most humble manner. Pamphlets, Newspapers, social media and web services are the most popular advertising platforms presently utilised by the company. We dedicate a constant percentage of our annual turnover on the important aspect of advertising.

**All Copyrights written by Mr. Kamlesh.**

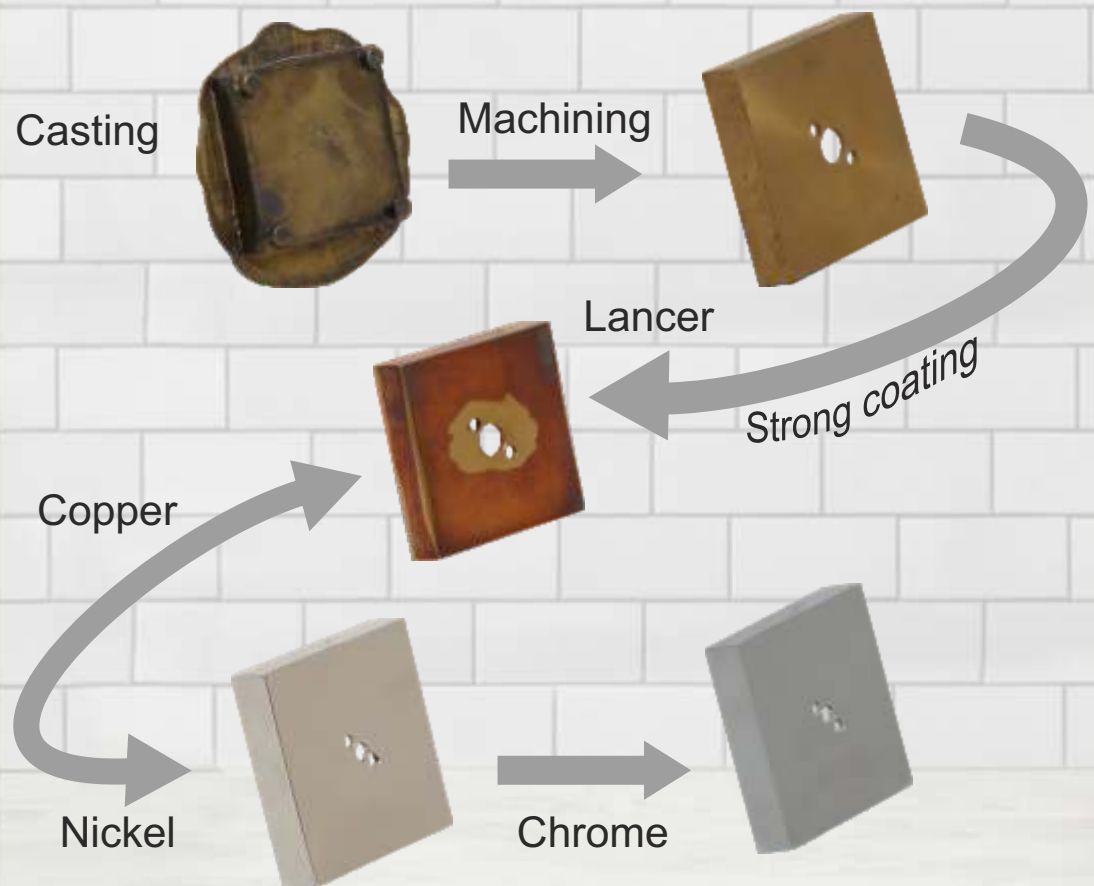

## Why Winner?

- An entire concept of Make in India
- Constantly upgrading itself to new technology and ultra modern design by adapting to present scenarios
- A strong team to support marketing strategies including vastly experienced management.
- Details of our products and accessories are enumerated in succeeding pages of this catalogue

**Here's the entire process of making of luxury products**

\*48 hrs rigorous salt spray test on each product as per ASTM-B-117.

\*"WE ARE NOTHING WITHOUT YOU"

## Why PVD?

**SUPERIORS TECHNOLOGY EQUALS A SUPERIOR QUALITY OF FINISH.**

Winner coatings benefits are many. **PVD** can provide a lifetime of protection from daily cleaning, which adds durability and value to your product. Traditional electroplating of brass, nickel and gold finishes required a clear coat that degrade with time and can easily tarnish or corrode. **PVD** requires no clear top coats that fade or dull. It is four times harder than chrome which makes it corrosion and scratch resistant. Our **PVD** coatings have been shown to surpass 1200 hours of neutral salt spray and over 150 hours CASS on electroplated brass.

### **Benefits of PVD technology:**

Superior wear resistance superior corrosion resistance superior chemical resistance low coefficient of friction excellent adhesion brilliant decorative finish high hardness (2nd to Diamond) uniform coating will no chip, tarnish or fade low maintenance environmentally friendly process.
